Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Sir:

RESPONSE

Attached is an executed substitute reissue declaration which addresses allegations in the March 14, 2005 Office Action that reissue declaration is not sufficiently specific regarding error giving rise to the filing of the reissue application. Please see, e.g., additional wording in enumerated paragraph 10 of the substitute reissue declaration.

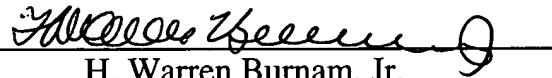

The Examiner has apparently declined to cite various references submitted by way of Information Disclosure Statement (IDS), alleging in some instances that he has not received copies of the documents. As a convenience, Applicants now retransmit to the Examiner copies of such references, as well as a PTO-1449 form listing each. It is respectfully requested that the Examiner consider and make of record each such reference listed on the PTO-1449, and initial, date, and return the same for Applicants' records.

The Commissioner is authorized to charge the undersigned's deposit account #14-1140 in whatever amount is necessary for entry of these papers and the continued pendency of the captioned application.

Should the Examiner feel that an interview with the undersigned would facilitate allowance of this application, the Examiner is encouraged to contact the undersigned.

Respectfully submitted,

NIXON & VANDERHYE P.C.
